BULK RENEWAL GUIDE

Clubs can use this guide to help navigate a step-by-step process to bulk renew their USA Swimming members. This process is for renewals only - **New members will still need to register using your club's unique registration link and create a USA Swimming account through the Online Member Registration (OMR) process.**

Anyone with Club Admin access will be able to bulk renew USA Swimming members. If your club opted for bulk renewal, you are responsible for the management and completion of all chosen membership renewals for the upcoming registration year. Clubs will need to communicate with their members that the club will be renewing their annual USA Swimming membership and collecting payment. *If a member of your club goes to renew their USA Swimming membership directly, they will see that their team is renewing their membership, and they will not have the option to complete self-renewal.*

We recently asked clubs who have completed this action and here are a couple of tips:

- The process takes about 10 min for 50-60 kids = 500 kids will take approximately 50 minutes.
- Filter by age – that will help larger teams to double check and make sure they are renewing only returning athletes.

All members do not need to be renewed in one transaction. You can renew different groups on different days. You can also renew one member at a time if needed.

If you have any questions or concerns, please reach out to your LSC Registration Chair for assistance. Their contact information can be found [here](#).
