

ATHLETE SELECTION PROCEDURES
AP Race London International 2026
London, United Kingdom
REDLINED: March 31, 2026

The AP Race London 2026 will be held in London, United Kingdom May 23 to 25, 2026.

DEFINITIONS

Available Swimmer. “Available Swimmer” means a swimmer who (i) qualifies to be Selected to the Team in an Event according to these Selection Procedures and has complied with all eligibility requirements set forth in Sections 1.1-1.2 of these Selection Procedures; (ii) as of December 31, 2026 is 22 years old or younger; (iii) has not been officially named by USA Swimming to three or more National Teams; (iv) certifies to USA Swimming that they remain available to swim through the completion of the Competition; (v) has not been selected to pool team USA Swimming’s Pan Pacific Championship Team, even if the athlete later declined that selection invitation; (vi) indicates in writing that they will accept the invitation to be Selected to the Team within 24 hours of receiving the invitation and to swim in the Event(s) for which they qualify for the Competition that resulted in their Selection to the Team (i.e., all Events used to calculate the Available Swimmer’s Percentage of MS or Average Percentage of MS for the Priority for which they were Selected, as outlined in Section 1.3, not including any Events used to break a tie), and once an Available Swimmer accepts the Priority in which they were invited, they are no longer considered an Available Swimmer for the remaining Priorities (except as otherwise provided herein); a decline of any Event(s) for which they were Selected or failure to accept will be considered a decline of the invitation and the swimmer will no longer be considered an Available Swimmer. If a swimmer does not satisfy these requirements, then they are not considered an Available Swimmer.

Average Percentage of MS. “Average Percentage of MS” means the average of an Available Swimmer’s lowest Percentage of MS across certain Events, which will vary per Priority, as indicated in Section 1.3.

Competition. “Competition” refers to the AP Race London 2026 which will be held in London, United Kingdom May 23 to 25, 2026.

Event. “Event” means those individual pool competition events contested at the Competition, which are the individual pool competition events contested at the Olympic Games.

Head Coach. Unless otherwise indicated, “Head Coach” refers to the head coach of the Team.

Managing Director, National Team. “Managing Director, National Team” refers to the USA Swimming Managing Director, National Team, or their designee.

Medal Standard. “Medal Standard” or “MS” means the average of the bronze medal earning times from the 2023 World Championships, 2024 Olympic Games, and 2025 World Championships in any singular Event i.e., the MS for the 100-meter Freestyle for purposes of these Selection Procedures is the average of the bronze medal earning times in the 100-meter Freestyle at the 2023 World Championships, 2024 Olympic Games, and 2025 World Championships. All MSs can be found in Appendix 1. In the event of a tie for Silver such that no bronze medal was awarded, the silver medal winning time will be used.

Percentage of MS. “Percentage of MS” means the difference between a swimmer’s Time compared to the MS for the same Event. The resulting time difference will be converted to a percentage to demonstrate how much faster or slower the swimmer’s Time is compared to the MS in that same Event. This percentage will be calculated by subtracting the MS from the swimmer’s Time in that same Event then dividing the difference by the MS. Calculations will be carried to one-thousandth of a percent (i.e., x.xxx%). This means lower percentages will be ranked higher.

For example, if the MS in the 100-meter Freestyle is 54 seconds, and Swimmer #1’s Time in the 100-meter Freestyle is 60 seconds, then Swimmer #1 has swum 6 seconds slower than the MS in the 100-meter Freestyle. Using the formula described above (60 seconds minus 54 seconds, divided by 54 seconds) Swimmer #1’s Percentage of the MS would be 11%.

If the MS in the 200-meter Freestyle is 1 minute and 54 seconds, and Swimmer #2’s time in the 200-meter Freestyle in the Finals is 2 minutes, then Swimmer #2 has swum 6 seconds slower than the MS. Using the formula above (120 seconds minus 114 seconds, divided by 114 seconds) that swimmer’s Percentage of MS would be 5%. Swimmer #1’s Percentage of MS (11%) would be considered slower than Swimmer #2’s Percentage of MS (5%) and thus, Swimmer #2 would be ranked higher.

If a swimmer’s time in an Event is faster than the MS for that Event, their percentage will be negative. For example, if Swimmer #1’s time in the 100-meter Freestyle is :48 seconds, their Percentage of MS would be -11% (48 seconds minus 54 seconds equals negative 6 seconds; negative 6 seconds divided by 54 seconds equals -11%). If Swimmer #2’s time in the 200-meter Freestyle is 1:48, their Percentage of MS would be -5% (108 seconds minus 114 seconds equals negative 6 seconds; negative 6 seconds divided by 114 seconds equals -5%). Swimmer #2’s MS (-5%) is slower than Swimmer #1’s MS (-10%), and thus Swimmer #1 would be ranked higher.

Select/Selected/Selection to the Team. “Select/Selected/Selection the Team” refers to the Team selected by USA Swimming on or before April 6, 2026, plus any replacements that may be added to the Team pursuant to Section 4.

Senior Director and Coach, National Team. “Senior Director and Coach, National Team” refers to the USA Swimming Senior Director and Coach, National Team, or their designee.

Team. “Team” means the Competition team Selected on or before April 6, 2026, plus any changes or replacements made pursuant to these Selection Procedures.

Time. For purposes of these Selection Procedures, an athlete’s “Time” means the fastest long course meters time swum by an Available Swimmer from June 1, 2025 through and including March 31, 2026 in each Event. Only that one Time will be used per Available Swimmer per Event for purposes of these

Selection Procedures. Relay lead-offs, time trials, intermediate splits, and swim-offs, will not be considered. Times must be achieved at World Aquatics or USA Swimming sanctioned competitions that have been entered into USA Swimming's SWIMS database, found here <http://www.usaswimming.org/time>, by March 31, 2026 at 11:59 pm Mountain Time.

1.2 Tryout Events:

1.2.1 *Provide the event names, dates, and locations of all trials, events, and camps to be used as part of the selection process:*

N/A

1.2.2 *Provide event names, dates, locations, and description of how athletes qualify for the Qualifying Competitions above in 1.2.1 (if any)*

(a) N/A

1.3 Comprehensive Selection Process:

This Section sets forth the steps by which Available Swimmers will be Selected to the Team. The process of determining who is eligible to be Selected to the Team will take place on or before April 6, 2026. The results from the application of these Selection Procedures will be announced on or before April 6, 2026, although USA Swimming retains the right to make changes to the results to address withdrawals, vacancies, and invitations through the entry deadline (April 25, 2026).

1.3.1 **Team Size.** The maximum allowable Team size is eight men and eight women. The actual Team size will be determined once these Selection Procedures are implemented. For purposes of these Selection Procedures, the men's and women's components of the Team will be considered separately. USA Swimming is under no obligation to Select to the Team a full team of eight athletes per competition category. Transgender athletes shall compete at the Championships consistent with USA Swimming, IOC, World Aquatics, USOPC, and Championships' Organizing Committee policies and criteria.

1.3.2 **Application of Priorities for Team Selection.** These priorities will be applied on or before April 6, 2026. Athletes not qualifying via one of these priorities will not be eligible to be Selected to the Team unless they are subsequently added to the Team as replacement according to Section 4. If, after applying the priorities below, as well as the procedures in Sections 1.3.3, there are fewer than eight men and eight women, or both, on the Team, then USA Swimming will not field a full Team, unless the Team is filled as a result of adding one or more replacements as provided in Section 4.

Priority #1. The Available Swimmer with the lowest Average Percentage of MS across the following Events will be Selected to compete in the Competition: the 400-meter-Freestyle, 800-meter-Freestyle, and 1500-meter-Freestyle. The Available Swimmer Selected to the Team pursuant to Priority #1 must agree to swim the 400-meter-Freestyle, 800-meter-Freestyle, and

1500-meter-Freestyle at the Competition. Once an Available Swimmer accepts Priority #1, they are no longer eligible to Selected via any other Priorities.

Priority #2. The Available Swimmer with the lowest Percentage of MS in either the 200-meter or the 400-meter Individual Medley, so long as that Percentage of MS is equal to or lower than 3%, will be Selected to the Team. Once an Available Swimmer accepts Priority #2, they are no longer eligible to Selected via any other Priorities.

Priority #3. The Available Swimmer with the lowest Percentage of MS in any singular Breaststroke Event (50-meter, 100-meter, or 200-meter), so long as that Percentage is equal to or lower than 3%, will be Selected to the Team. Once an Available Swimmer accepts Priority #3, they are no longer eligible to Selected via any other Priorities.

Priority #4. The Available Swimmer with the lowest Percentage of MS in any singular Butterfly Event (50-meter, 100-meter, or 200-meter), so long as that Percentage is equal to or lower than 3%, will be Selected to the Team. Once an Available Swimmer accepts Priority #4, they are no longer eligible to Selected via any other Priorities.

Priority #5. The Available Swimmer with the lowest Percentage of MS in any singular Backstroke Event (50-meter, 100-meter, or 200-meter), so long as that Percentage is equal to or lower than 3%, will be Selected to the Team. Once an Available Swimmer accepts Priority #5, they are no longer eligible to Selected via any other Priorities.

Priority #6. The Available Swimmer with the lowest Percentage of MS in the 100-meter Freestyle, so long as that Percentage is equal to or lower than 3%, will be Selected to the Team. Once an Available Swimmer accepts Priority #6, they are no longer eligible to Selected via any other Priorities.

Priority #7. The Available Swimmer with the lowest Percentage of MS in the 200-meter Freestyle, so long as that Percentage is equal to or lower than 3%, will be Selected to the Team. Once an Available Swimmer accepts Priority #7, they are no longer eligible to Selected via any other Priorities.

Priority #8. The remaining roster spots will be filled with the Available Swimmers not already Selected to the Team with the lowest Percentage of MS in any single Event, so long as their Percentage of MS is equal to or lower than 3%.

1.3.3 Breaking a Tie.

- (a) Tie in Priority #1. If there is a tie between two or more Available Swimmers in their Average Percentage of MS in Priority #1, the Available Swimmer with the fastest Time in the 1500-meter Freestyle will be Selected to the Team. If that fails to break the tie the Available Swimmer with the fastest Time in the 800-meter Freestyle will be Selected to the Team. If that fails to break the tie, the Available Swimmer with the fastest Time in the 400-meter Freestyle will be Selected to the Team. If that fails to break the tie, then the tie will be broken by random draw.

- (b) Tie in Priority #2. If there is a tie between two or more Available Swimmers in their Percentage of MS between the 200-meter or 400-meter Individual Medley, or a tie in their exact time for either Individual Medley distance, the Available Swimmer with the next lowest percentage of MS in the next fastest Individual Medley distance will be Selected to the Team. If that fails to break, the tie will be broken by random draw.
- (c) Tie in Priority #3, 4, and 5. If there is a tie between two or more Available Swimmers in their Percentage of MS in either the Breaststroke, Butterfly, or Backstroke categories, the Available Swimmer with the next lowest Percentage of MS across the three distances of that category will be Selected to the Team. If the tie still exists, the tie will be broken by random draw.
- (d) Tie in Priority #6. If there is a tie between two or more Available Swimmers in their Percentage of MS for the 100-meter Freestyle, the Available Swimmer with the lowest Percentage of MS in the 200-meter Freestyle will be Selected to the Team. If this fails to break the tie, the tie will be broken by random draw.
- (e) Tie in Priority #7. If there is a tie between two or more Available Swimmers in their Percentage of MS for the 200-meter Freestyle, the Available Swimmer with the lowest Percentage of MS in the 100-meter Freestyle will be Selected to the Team. If this fails to break the tie, the tie will be broken by random draw.
- (f) Tie in Priority #8. If there is a tie between two or more Available Swimmers in their lowest Percentage of MS, all Available Swimmers involved in the tie will be Selected to the Team so long as this does not cause the roster size to exceed either eight men or eight women. If in doing so it would cause the roster size to exceed eight men or eight women, the tie will be broken by Selecting the Available Swimmer with the next lowest Percentage of MS in any other Event, so long as the Percentage of MS is equal to or less than 3%. If the tie still exists, the tie will be broken by random draw.

1.3.4 Announcement.

Those officially Selected to the Team will be announced on or before April 6, 2026. If there is a vacancy that arises on or after April 6, 2026, the replacement process in Section 4 will be used to fill the vacancy in that Event(s).

1.3.5 Selection of Swimmers for Events.

USA Swimming may enter an unlimited number of athletes in each Event at the Competition. Therefore, all swimmers who are named to the Team through the Selection Procedures shall be eligible for entry into additional Events held at the Competition. However, to remain on the Team, each swimmer must swim all Events for which they were Selected (i.e., all Events used to calculate the Available Swimmer's Percentage of MS or Average Percentage of MS for the Priority for which they were Selected, as outlined in Section 1.3, not including any Events used to break a tie). Prior to the announcement of the Team, if an athlete declines any of the Events for which they were Selected to the Team, they will no longer be considered an Available Swimmer and will not

be Selected to the Team. If after announcement of the Team, an athlete declines any Event for which they were Selected to the Team, the replacement procedures in Section 4 will apply.

2. DISCRETIONARY SELECTION

2.1 Provide rationale for utilizing discretionary selection (if any):

All swimmers who are Selected to the Team shall be eligible for selection to any and all relays to be held at the Competition. The Senior Director and Coach, National Team (or their designee), will be responsible for selecting the swimmers for each relay conducted at the Competition, with the advice and consent of the Head Coach. In selecting the relay teams, the Senior Director and Coach, National Team, with the advice and consent of the Head Coach, shall consider all available relevant information, including but not limited to each Team member's most recent performances, performances at the Competition, past relay performances, past relay reaction times, relay exchange experience, personal best performances, Competition event schedules, individual workload, other recent results and performances, consistency of performances, fatigue, health, fitness levels, training preparation, participation in relay training camps, scientific evaluation, attitude and team chemistry.

2.2 Specify the process that will be used to identify and handle any potential conflicts of interest involving a member of the committee.

The Senior Director and Coach, National Team (or their designee) will be responsible for relay selection, with the advice and consent of the Head Coach. Should the Senior Director and Coach, National Team have a conflict of interest, as determined by USA Swimming's Ethics Committee, his/her designee will be responsible for relay decisions, with the advice and consent of the Head Coach and Assistant Coach. All involved in relay selection must comply with USA Swimming's Statement of Ethics and Conflict of Interest Policy, to include completing and submitting a disclosure form for review by the Ethics Committee. Anyone involved in relay selection who has an actual, possible, or perceived conflict of interest must disclose to the Ethics Committee, prior to the start of the relay selection process. The Ethics Committee may determine that this individual must disclose the conflict to the others involved in relay selection and/or recuse themselves from selection and/or voting. A conflict of interest exists when a person's personal, family, financial, professional, club, team, or business interest poses a direct or indirect relationship, connection, or affiliation, past or present, with an athlete in contention for relay selection that could compromise the individual's ability to participate in selection in an unbiased manner. For example, if it is determined that an individual must recuse him/herself from voting, the Ethics Committee may still find that if they have relevant and necessary information with respect to athlete performance, for example a national team coach or performance scientist, they may, if requested by the others involved in relay selection, still provide such information, so long as it is provided in a fair and unbiased manner and the individual with the conflict does not vote. The individual must not otherwise influence others in selection. Additionally, any person (including any potentially impacted athlete or coach of a potentially impacted athlete) with a good faith belief that an individual involved in selection has a conflict of interest should report the alleged conflict of interest to the Ethics Committee. Reports may be made anonymously. No individual involved in selection shall retaliate in any way against a person who, in good faith, reports an alleged conflict of interest.

3. REMOVAL OF ATHLETES

An athlete who is to be Selected to the Team may be removed for any of the following reasons, as determined by USA Swimming's Managing Director, National Team in conjunction with the USA Swimming President & CEO and USA Swimming Athletes' Advisory Council Chair ("AAC Chair"). An athlete who is to be removed from the Team or an Event, or from eligibility to be Selected to the Team, has the right to a hearing per USA Swimming's Bylaws (usaswimming.org), the USOPC's Bylaws, Section 9, or the applicable anti-doping code/protocol before such removal or declaration of ineligibility.

- 3.1.1 An athlete may choose to voluntarily withdraw from an Event or the Team. The athlete must submit in writing any withdrawal to the Managing Director, National Team and Senior Director and Coach, National Team. An athlete considering withdrawal is strongly encouraged to submit the written withdrawal by April 6, 2026.
- 3.1.2 USA Swimming may remove an athlete who has an injury or illness, as certified by a physician for the Championships, that is likely to keep them from competing at peak levels in the Championships. If an athlete refuses verification of the illness or injury by an approved Championships' physician, the injury will be assumed to keep them from competing at peak levels in the Championships and they may be removed.
- 3.1.3 An athlete may be removed by the Managing Director, National Team, in consultation with the Senior Director and Coach, National Team, and AAC Chair, if it is determined that the swimmer is unable or unwilling to maintain a training regimen necessary for peak performance in the Championships. If any of these individuals involved in the decision has a conflict of interest, they will not be part of the decision-making.
- 3.1.4 A swimmer may be removed from the Team if the swimmer violates any USA Swimming or other rules and regulations applicable to the Team or its members, including, without limitation applicable Codes of Conduct or Team Rules. If there is a violation and the swimmer is to be dismissed from the Team, upon request of the swimmer, there will be an emergency hearing held before USA Swimming's National Board of Review within 24 hours of the violation (or as soon as possible) to determine whether the proposed dismissal or other discipline is warranted.
- 3.1.5 If a swimmer is alleged to have committed an anti-doping rule violation, they shall remain on the Team (or remain eligible to be Selected to the Team) until the swimmer: (i) is provisionally suspended; (ii) is declared ineligible after a hearing conducted pursuant to the USADA Protocol for Olympic Movement Testing or by AQUA; (iii) voluntarily accepts a provisional suspension or sanction of ineligibility; or (iv) voluntarily withdraws from the Team or relinquishes eligibility to be Selected to the Team.
- 3.1.6 If a swimmer is alleged to have committed a violation of the SafeSport Code for the Olympic and Paralympic Movement, they shall remain on the Team (or remain eligible to be Selected to the Team) until the swimmer: (i) is suspended; (ii) is declared ineligible after a hearing; (iii) voluntarily accepts a suspension or sanction of ineligibility; or (iv) voluntarily withdraws from the Team or relinquishes eligibility to be Selected to the Team.

4. REPLACEMENT OF ATHLETES

4.1 Describe the selection and approval process for determining replacement athlete(s) should a vacancy occur:

The pool of potential replacement athletes includes those individuals who meet the criteria in this Section 4.

4.2 Prior to submission of Entries by Name to the Organizing Committee (April 25, 2026):

If a vacancy occurs between the time of announcement of the Team on April 6th, 2026 at approximately 12:00 pm Mountain Time, and the date in which entries are due to the organizing committee (April 25, 2026), USA Swimming will add Available Swimmers to the Team based on which Priority the vacancy occurred in. For example, if a vacancy occurs in Priority #3, the next Available Swimmer in Priority #3 will be Selected to the Team. If that Available Swimmer has already been Selected to the Team, no additional swimmers will be Selected to the Team.

3.1.2 After submission of Entries by Name to the Organizing Committee:

After Entries by Name have been submitted to the Organizing Committee (April 25, 2026), USA Swimming will not attempt to fill any vacancy.

4. SUPPORTING DOCUMENTS

USA Swimming will retain the approved Selection Procedures and all supporting documents, including scouting or evaluation forms, etc., and data from the selection process for six months past the date of the Championships.
